

2018 “Cookin’ in the Kettles” parking plan.

Please follow all volunteers directions. Your first encounter with them will be at the entrance to the park, if you have a discover pass you will be directed to proceed straight down the road to the Group Camp area, where the **Start/Finish** and **Registration** will be located. Team support vehicles will be allowed to park at the group camp. Once you commit to that parking you may be there a while, the race start will be up that road. Once the races start the course will cross the road only and not use it. We have about 25 spots up at the group camp and another 25 down below at the turn around, The turn around will be a spot to drop gear and riders off, volunteers will be directing you to back in or use the turn around and start parking on one side of the road Only where directed to. The **Park Ranger** has strict orders that we need to keep the road in and out at a wide of 20ft at all time.

If you do not have a discover pass you will need to go to the ranger station and buy a day pass or discover pass. From there you can go park at the Gun Battery, from there you can follow the Bluff Trail to registration <3/4 mile of scenic riding, please follow all signage and dismount your bike where it is marked.

The blue registration signs will get you from the gun barrel and the camping grounds to the registration area. If you decide to go under the tape and ride the water line trail you will be on the race course so be respective of racers. When returning to you vehicle after the event follow the Kettles trail back to the camp grounds and gun battery.

The walk your bike area along the bluff is marked with gates, this was done years ago for our safety. Please respect the park and ranger do give out tickets if found on your bike on this section!

Camping is open to online registration at this time, so sign up for a site and as long as someone else does not reserve it for Sunday night you will be able to do late check out. There are a few day use parking spots in the camp ground area.

More parking can be found at Pondilla Lk area but it is a couple mile ride back to registration area.

The main thing is **CARPOOL, CARPOOL, CARPOOL!!!!!!**
